

UNAIDS HANDS UP Campaign for #HIVprevention

Help [MMS/aidsfocus.ch](https://mms/aidsfocus.ch) raise awareness for young people.

Prevention is better than cure!

In the lead-up to **World AIDS Day 2016**, the worldwide **hands up for #HIVprevention** campaign will explore different aspects of HIV prevention and how they relate to specific groups of people, such as adolescent girls and young women, key populations and people living with HIV.

Hands up for #HIVprevention

WORLD AIDS DAY
1 DECEMBER 2016

During Lunch break our photographer will take a **picture of your hand with a word or phrase written on your palm**, something that you consider **important** in order to **strengthen HIV prevention efforts for young people**.
